## our focus area

For the 2022-2023 league year, Junior League of Phoenix's focus area was Fighting Hunger in the Greater Phoenix Community. Through our programs and community partnerships we worked towards creating a food secure community through access, empowerment and education.

In March 2023, our members approved our new focus area of Empowering Women and Girls to be academically and financially successful. JLP will be partnering with community organizations whose programs are centered around empowering women and children for the next five years.

## our culture statement

- Accessible – Junior League of Phoenix meets and serves members wherever they are in every phase of life.
- Inclusive – All women have a place in Junior League of Phoenix. The variety and diversity of members' ethnicities, cultures, and backgrounds are the fabric of Junior League of Phoenix.
