

# Junior League of Phoenix Year in Review

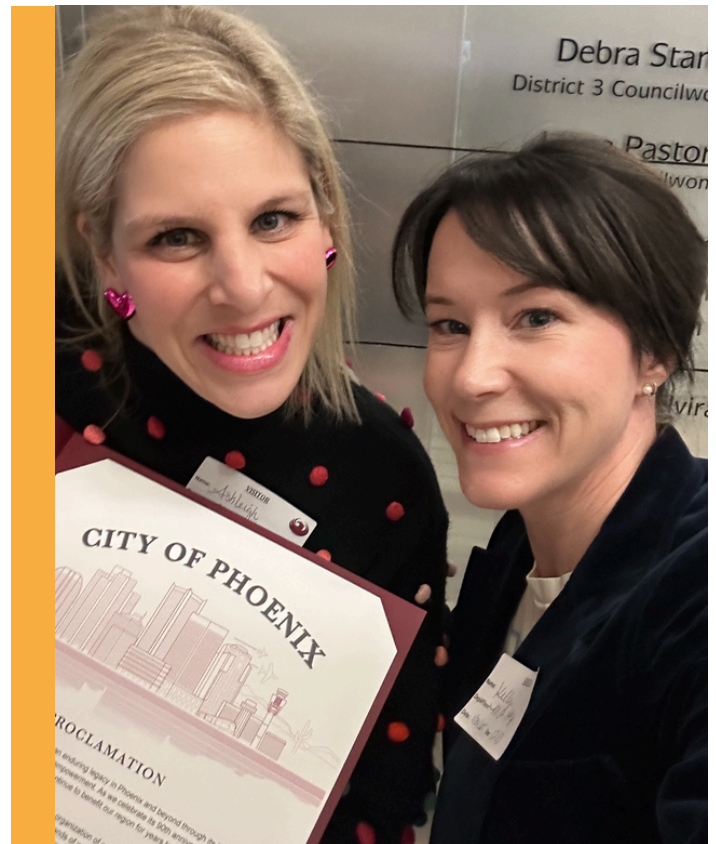

2024-  
2025

This year, JLP celebrates our 90<sup>th</sup> anniversary including an Anniversary Gala held on April 26.

We started work with our two new partners: Girl Scouts Arizona Cactus-Pine and Live & Learn

# Community

## Volunteer Action

In 2024-2024 Junior League of Phoenix members volunteered their time with XX unique community partners, which amounted to XX volunteer events throughout the year. An average of XX% of these volunteer shifts benefited JLP's current focus area of empowering women and girls.

In total, JLP volunteers contributed XXX hours to our community partners.

## Done in a Night

JLP DIAN projects are volunteer-led, one-day projects that support an urgent need in our community.

**September:**  
Live & Learn

Girl Scouts

## Partnerships

- Treasure House
- Phoenix Children's Hospital
- St. Vincent De Paul
- St. Mary's Food Bank
- Harvest Compassion
- Homeward Bound
- Creighton Community Foundation

This year, JLP supported four **First Friday** events at the Children’s Museum of Phoenix. First Friday is a part of the museum’s “Every Child Program” which seeks to ensure that all children in the community will be able to play and learn at the museum regardless of their ability to pay. The program offers STEM activities for preschool and early elementary students and their parents

at the JLP classroom at the museum. For each event the ROCKETS committee created four STEM based hands-on activities and a take-home bag that includes a fun science-related activity. The committee provided activities to XXXXX kids and their families.

#### Attendees statistics:

- 90% had never visited the JLP ROCKETS classroom before.
- 50% attend public schools
- 16% attend charter schools,
- 6% attend private schools
- The rest are below school age.
- Approximately 40% qualify for free or reduced lunch

The JLP ROCKETS committee also supported a sold out ROCKETS Teacher Launch Educate to Innovate Conferences at the Arizona Science Center. The conference is a full day STEM professional development seminar for K-12 school teachers and administrators in Arizona and brings science, math, and reading skills to children - impacting students’ education for years to come. The 2024 conference served XXX teachers, reaching 100k + students in Arizona. 80% of the teacher and student participants are part of Title 1 school programs.

Teachers are empowered to find creative ways to integrate science into their

daily lesson plans. Every attendee walks away with continuing education credits, classroom supplies, and the opportunity to win raffle prizes such as gift cards, school supplies, and field trips to the Arizona Science Center.

Last year, Junior League of Phoenix adopted a new focus area - Empowering Women and Girls. Two new community partners were also chosen that aligned with this focus area: Girl Scouts Arizona Cactus-Pine and Live & Learn.

Girl Scouts - Arizona-Cactus Pine is developing a new mobile programming space to help bring

quality programs to more girls, including communities where there is a lack of resources. Launched in June 2023, the Girl Scout Mobile Building Space is a vehicle that will provide experiential learning projects in construction, design, engineering, and architecture. The Mobile Space supports the Girl Scouts mission to build girls of courage, confidence, and character and centers around the four program pillars (STEM, Outdoors, Life Skills, and Entrepreneurship) to meet girls where they are to grow along with them.

Through a three-year partnership, JLP will provide funding and volunteer support to help the Girl Scouts keep the Mobile Building space filled with all the supplies girls need for an engaging learning experience.

Additionally, JLP will be volunteering at various Scout Centers which provides programming for girls who are not in a traditional Girl Scout Troop as well as assembling Outreach Kits to distribute to community organizations. This year, JLP volunteers contributed XX hours to Girl Scouts including participating in the Cactus-Pine Council's annual fundraising event, Badge Bash, on November 2, 2024, and .....

# Live & Learn

Hope... with an Action Plan

Through a five-year partnership, JLP is supporting Live & Learn's Empower Hour events. Live & Learn's mission is to empower women to break the cycle of generational poverty. Since its founding in 2012, Live & Learn has offered a unique economic empowerment program for adult women throughout Maricopa County whose lives have been shaped by poverty, homelessness, and domestic violence. The Empower Hours for Women series by Life & Learn launched in 2022.

This year, JLP provided the financial and volunteer support to leverage the current program to reach more women in the community and create and execute new workshops and activities. Over XX hours were spent helping women through Empower Hours including wrapping exchange

# Membership

## Recruitment

In 2024-2024 Junior League of Phoenix members volunteered their time with XX unique community partners, which amounted to XX volunteer events throughout the year. An average of XX% of these volunteer shifts benefited JLP's current focus area of empowering women and girls.

In total, JLP volunteers contributed XXX hours to our community partners.

# Timeline for Fiscal Year 2026

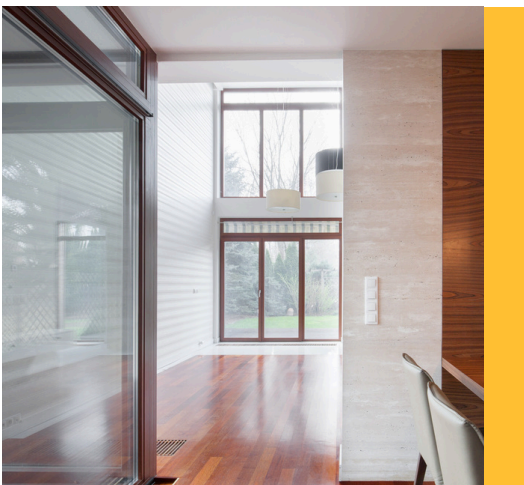

Monthly and annual reports are both widely used by companies for documenting projects, cash flow and finances, employee performance, marketing strategies, social media strategies, and a lot more. Reports provide detailed descriptions of the progress of a company whether it's just for a particular month or for the entire year. Aside from texts, reports are also best filled with charts, graphs, and tables to present various numerical data in a clear and even easy-to-read manner.

Create stunning reports by identifying the pertinent information you want to share. Begin your presentation with a cover page that briefly introduces what the report is all about. Give your colleagues additional context to your report by using a section header for some introductory message. Maximize the next few pages talking about the meat of your report.

## Examples of Future Content

Choose from over a thousand professionally-made templates to fit any objective or topic. Make it your own by customizing it with text and photos.
