

Christy Moore is Founder & Owner of Social Spin, Inc., an Arizona-based benefit corporation connecting communities and providing fresh starts through laundromats. Through her visionary leadership, these underperforming community assets are becoming vibrant social hubs that celebrate arts, culture and community. They're also providing employable skills to people with barriers to employment.

Prior to Social Spin Christy served at the helm of numerous local, statewide and national nonprofits for two decades. Her focuses have included equipping the unemployed and underemployed, empowering victims of violence, protecting women's reproductive rights and increasing civic engagement.

Christy earned her Master of Social Work from UNLV. She is a certified Emergenetics Associate and an AEI Leadership Network Fellow. She received Greater Phoenix Chamber of Commerce's Athena Young Professional Award, ONE's Organizational Accomplishment and Innovation Award, YWCA's Advocacy Award, Phoenix Business Journal's 40 Under 40 Award and National Association of Women Business Owners' Business Impact Award for Social Spin. She proudly serves as a Community Ambassador for the Junior League of Phoenix.

She and her husband Mitchell have been pursuing passions together for over a decade, and love being an Auntie and Uncle!
